Writing ATS Friendly Resumes

How to impress recruiters and land your dream job

BY- SATWIK JAIN

What We're Learning Today

Here are the topics we will cover in this video:

- What is an ATS?
- How does ATS work?
- Tips to write an ATS-friendly Resume and cover letter.
- How Let's Code helps you get a job.

What is ATS:

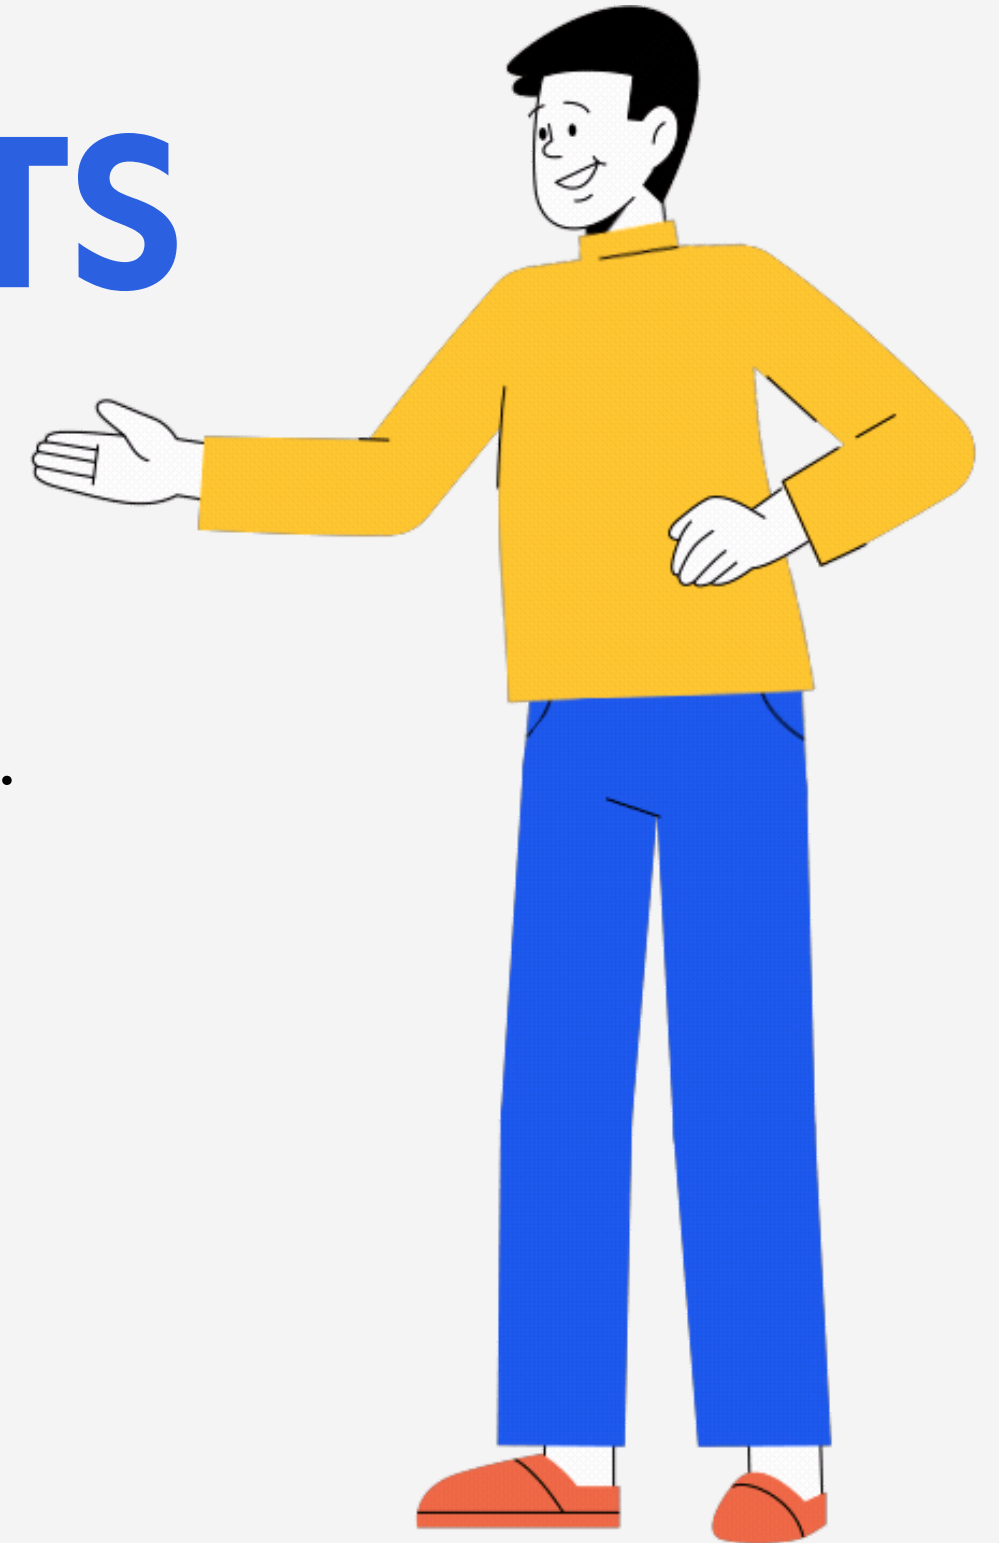

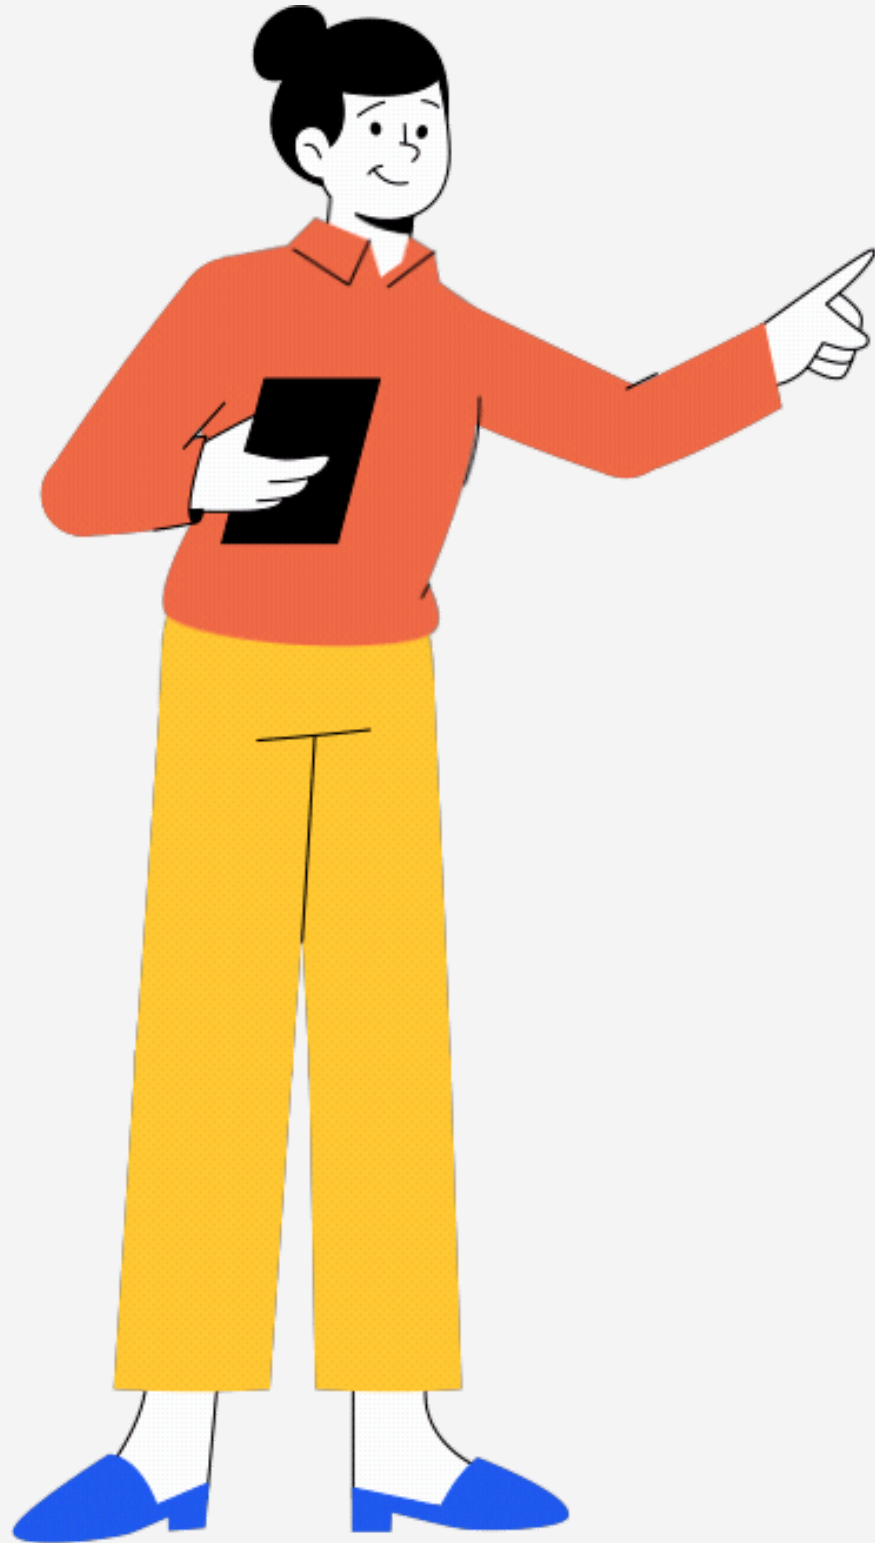

ATS stands for Applicant Tracking System. It's a software application that automates the hiring process. Essentially, it helps employers manage job applications and screen resumes efficiently.

When you submit your resume online, it's often scanned by ATS software before a human ever sees it. This means your resume needs to be optimized to pass through ATS filters.

Some popular ATS softwares are:

Taleo, Workday, Greenhouse, and iCIMS.

NOW, LET'S DIVE INTO TIPS FOR CRAFTING AN ATS-FRIENDLY RESUME AND COVER LETTER

USE A CLEAR AND SIMPLE FORMAT

Keep your resume format clean and straightforward. Avoid using fancy fonts, images, or complex designs that could confuse the ATS

USE RELEVANT KEYWORDS

Next, include relevant keywords from the job description in your resume and cover letter. ATS scans for these keywords to determine if you're a good fit for the position.

CUSTOMIZE YOUR RESUME FOR EACH APPLICATION

Customize your resume for each job application. Tailor your skills and experiences to match the job requirements to increase your chances of passing through ATS

MORE DETAILES ON THE SAME...

USE STANDARD HEADINGS AND SECTIONS

Ensure your resume follows standard headings and sections such as 'Work Experience,' 'Education,' and 'Skills.' This helps ATS accurately parse your information.

SAVE YOUR RESUME IN A COMPATIBLE FORMAT

Save your resume as a .docx or .pdf file. These formats are compatible with most ATS systems and help ensure your resume retains its formatting.

PROOFREAD YOUR RESUME

Finally, proofread your resume and cover letter for errors before submitting them. Spelling or grammar mistakes could lower your chances of passing through ATS.

How Lets Code helps you in the process...

Resume and cover letter Review, proofreading from experts.
